

## Summer Semester 2022

### Physiology and pathophysiology of organ systems

**Wednesday 10:30 - 12:00**  
**Planned as streaming format**

20.04.2022	M. Schwab	Physiological specialties in children
27.04.2022	A. Hartkopf (Ulm)	Physiology and pathophysiology of the breast
04.05.2022	P. Ong / A. Hubert	Physiology and pathophysiology of the cardiovascular system
25.05.2022	K. Rapp	Grundbegriffe der Geriatrie einschließlich besonderer Aspekte der Pharmakotherapie bei gebrechlichen Menschen
02.06.2022 <b>Thursday!</b>	C. Neurohr	Physiology and pathophysiology of the lung
15.06.2022	S. Johnsen	Genetic and Epigenetic Regulation of Pancreatic Cancer - Development and Progression
29.06.2022	M.H. Dahlke	Peritoneal metastasis
13.07.2022	N. Lubomierski	Drug therapy of diabetes, obesity, metabolic syndrome
27.07.2022	V. Lauschke	Microphysiological tissue systems to study drug response
